

UCI Junior Series XCO

Updated 2/4/2021

Re: U.C.I. Junior XCO Series race requirements.

Effective as of 2/4/2021, the only requirements for rider eligibility to participate in the OZ Trails U.S. Pro Cup U.C.I. junior XCO events in Arkansas are that the rider is a CAT 1 17-18 year old with a current U.C.I. license.

U.C.I. minimum points total from 2020 will not be required to participate.

Please note, if you are 17-18 CAT 1 but don't hold a U.C.I. license or you race in a lower category than CAT 1, you will race on Saturday in those designated junior divisions. Those classes require a USAC cycling license to participate.

Sincerely,

US Cup Staff.
